

MOYOSORE BAIYE

Senior DevSecOps Engineer & Team Lead | Certified Data Protection Officer (CDPO) | DevOps Educator

■ Lagos, Nigeria | ✉️ moyosorebaiye@gmail.com | 📞 +234 706 437 9501 | 🌐 linkedin.com/in/moyobaiye | 📄 github.com/mbaiye

EXECUTIVE SUMMARY

Accomplished **Senior DevSecOps Engineer, Technical Team Lead, and Certified Data Protection Officer (CDPO)** with 6+ years architecting, securing, and operating resilient cloud-native platforms across highly regulated industries, specifically **HealthTech and Public Sector systems**. Expert in embedding privacy-by-design, executing Data Protection Impact Assessments (DPIA), and aligning enterprise architectures with HIPAA, NDPR, and GDPR standards. Proven leader driving multi-disciplinary cloud teams, automating secure CI/CD pipelines, slashing release cycles by over 70%, and sustaining 99.99% uptime. Full-stack cloud architect who has built multiple live commercial web platforms from the ground up (VeriBuy, CleanCoat Contractors UK, and Havilah Image Developments). **Passionate DevOps educator and mentor** with extensive years spent designing hands-on curricula, training engineers, and fostering thriving DevSecOps cultures across industry and academia.

CORE TECHNICAL SKILLS & GOVERNANCE MATRIX

Security & CDPO Governance	Certified Data Protection Officer (CDPO), DPIA Assessments, HIPAA & NDPR/GDPR Compliance, Threat Modeling, IAM Hardening, Secrets Management (Vault/KMS), SAST/DAST (Trivy, Snyk), Data Encryption at-rest/in-transit
Cloud & Infrastructure	AWS (EC2, RDS, S3, VPC, IAM, CloudWatch, GuardDuty), Microsoft Azure, Terraform (IaC), CloudFormation, Linux Enterprise Systems, Multi-AZ High-Availability Topologies
Containers & Orchestration	Docker, Kubernetes (KCNA Certified), Container Hardening, Microservices Architecture, Helm
CI/CD & DevOps Automation	GitHub Actions, Jenkins, Ansible, Automated Vulnerability Scanning, Zero-Downtime Blue/Green & Canary Deployments
Full-Stack Platform Engineering	Next.js, Node.js, React, FastAPI, Python, Bash Scripting, JavaScript, C#, PostgreSQL, MySQL, Stripe Escrow Integration
Education & Technical Leadership	DevOps Training & Curriculum Development, Engineering Mentorship, DevSecOps Culture Transformation, Cross-functional Leadership

PROFESSIONAL EXPERIENCE

DevOps Team Lead & Certified Data Protection Officer (CDPO)

07/2022 — Present

Octosoft Technologies Limited • HealthTech Systems

Lagos, Nigeria

- Cloud & Security Leadership:** Lead the DevOps team architecting, automating, and maintaining mission-critical HIPAA-compliant AWS infrastructure for healthcare software solutions serving clinics and patients nationwide.
- Certified Data Protection Officer (CDPO):** Champion enterprise data protection and privacy policies, leading DPIA assessments, securing protected health information (PHI), and enforcing end-to-end NDPR and HIPAA compliance controls.
- Infrastructure as Code (IaC):** Built modular, reusable Terraform modules and CloudFormation templates for multi-tenant environments, slashing cloud provisioning time from days to under 30 minutes.
- Continuous Integration & Delivery:** Standardized robust CI/CD pipelines via GitHub Actions, embedding automated vulnerability scans (Trivy/Snyk), automated testing, and zero-downtime releases.
- Observability & Incident Management:** Engineered centralized observability systems using CloudWatch, Prometheus, and Grafana, driving application uptime to 99.99% and reducing Mean Time to Detect (MTTD) by 60%.
- DevOps Educator & Culture Driver:** Facilitated hands-on DevOps workshops, mentoring engineers and interns on cloud security, CI/CD patterns, and containerization, cultivating a high-performing DevSecOps culture.

IT Manager

01/2020 — 06/2022

Lagos State Coroner System • Public Sector Government Agency

Lagos, Nigeria

- Government IT Leadership:** Administered end-to-end IT infrastructure and citizen-facing digital platforms, delivering 99.9% uptime across all state agency operations.
- Performance Tuning:** Accelerated system throughput and response speeds by 50% via database query optimization, server caching layers, and network tuning.
- Compliance & Security Hardening:** Enforced strict compliance with government data protection regulations, implementing role-based access control, network segmentation, and automated backups.

AWS / Linux Systems Trainee

10/2020 — 03/2021

TTC Mobile World USA

Remote

- Configured high-availability multi-AZ AWS topologies with Application Load Balancers and Auto Scaling groups.
- Automated software provisioning and configuration baselines utilizing Ansible, Docker, and Jenkins CI/CD.
- Implemented CloudWatch alarms and fine-grained IAM policies for compute and serverless resources.

DevOps Intern

01/2020 — 06/2020

Venture Garden Group

Lagos, Nigeria

- Engineered standardized container images using Docker and supported Jenkins automated deployment pipelines.
- Configured Linux enterprise environments and core network identity services including DNS, LDAP, and SSH key management.

FEATURED PLATFORMS BUILT FROM THE GROUND UP

VeriBuy — Verified Electronics Marketplace & Trust Lens™ (Co-Founder & CTO) • [veribuy.shop](#)
Stack: Next.js, React, Node.js, FastAPI, PostgreSQL, AWS, Stripe Escrow
Architected and built from scratch: trusted marketplace featuring automated 15-digit IMEI verification, GSMA blacklist checks, 100% Stripe escrow holding with 48-hour buyer inspection protection, and live anti-sniping online auction bidding.

CleanCoat Contractors UK Platform (Full-Stack Engineer & Cloud Architect) • [cleancoatcontractorsltd.co.uk](#)
Stack: Next.js, React, Node.js, Vercel/Cloud, Responsive UI
Designed, built, and launched the commercial digital platform for a UK-based cleaning contractor from the ground up. Engineered instant multi-service quote calculator workflows, mobile-optimized experience, and automated CI/CD deployments.

Havilah Image Developments Corporate Web Platform (Full-Stack Architect) • [havilah.ng](#)
Stack: Web Platform, JavaScript, Interactive Yield Calculator, Cloud Hosting
Built from scratch the corporate web portal and investment yield calculation engine for an architect-led real estate firm. Delivered dynamic portfolio showcase, investment ROI modeling, and secure client inquiry integration.

Cloud Infrastructure Platform — HealthTech Systems (Lead DevOps Architect)
Stack: AWS (EC2, RDS, S3, VPC), Terraform, Docker, GitHub Actions, CloudWatch
Architected HIPAA-aligned cloud foundation supporting healthcare software. Delivered 99.99% uptime, hardened IAM least-privilege, encryption at rest/transit, and cut client deployment times by 70%.

DEVOPS EDUCATION & MENTORSHIP

Dedicated DevOps Educator & Community Mentor: Passionate about democratizing cloud engineering and security skills. Designed and delivered comprehensive, hands-on training programs covering Linux fundamentals, Docker containerization, Kubernetes orchestration, AWS cloud architecture, CI/CD pipelines, and DevSecOps best practices. Successfully coached and mentored aspiring engineers into impactful cloud and platform roles across tech startups and enterprise teams.

EDUCATION & PROFESSIONAL CERTIFICATIONS

ACADEMIC & SOFTWARE ENGINEERING EDUCATION	PROFESSIONAL CERTIFICATIONS & TRAINING
Master of Science in Information Technology University of Lagos (Jan 2022 — Jan 2024) Bachelor of Technology in Computer Science Federal University of Technology Akure (Sep 2014 — Dec 2019) Advanced Diploma in Software Engineering (Distinction) Aptech Computer Education Nigeria (2010 — 2012) Google & Coursera Professional Certificates • Google IT Automation Certificate (Jan 2022 — Apr 2022) • Google IT Support Professional Certificate (Aug 2021 — Oct 2021) • Google Africa Developer Training (Mobile Web, Feb 2021)	■ ■ Certified Data Protection Officer (CDPO) ■ AWS Certified Solutions Architect — Associate (SAA-C02 • Dec 11, 2021) ■ AWS Certified Cloud Practitioner (CLF-C01 • Aug 04, 2022) ■ Kubernetes & Cloud Native Associate (KCNA) — Linux Foundation ■ Microsoft Azure Developer Associate (AZ-204 • Sep 11, 2021) ■ Microsoft Azure Administrator Associate (AZ-104 • Feb 26, 2021) ■ Microsoft Azure Network Engineer Associate (AZ-700 • Sep 24, 2022) ■ Microsoft Azure Data Fundamentals (DP-900 • May 27, 2021)
